APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
 and do hereby grant the same, subject to the following limitations and
 conditions:

This permit to divert 2.0 cubic feet per second of the
 public waters of the State of Nevada for storage within the State of
 Idaho for stockwatering purposes is issued subject to all existing
 rights on the source and is limited to a maximum annual storage, from
 all sources, of 50 acre-feet. A suitable measuring device must be
 installed and accurate measurements of the water placed to a bene-
 ficial use must be included in the proof of such use when filed.
 The State retains the right to regulate the use of the water herein
 granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
 which can be applied to beneficial use, and not to exceed 2.0
 cubic feet per second.

Actual construction work shall begin on or before September 1, 1954

Proof of commencement of work shall be filed before October 1, 1954

Work must be prosecuted with reasonable diligence and be completed on or
 before September 1, 1958

Proof of completion of work shall be filed before October 1, 1958

Application of water to beneficial use shall be made on or before

September 1, 1963. Proof of the application of water to beneficial
 use must be filed with State Engineer on or before October 1, 1963

FILED AUG 14 1953 by dev 15261

Proof of commencement of work filed SEP 2 2 1954
